

NOTICE OF HOVENSA JOB OPENING

The following **Exempt** position is open. Applications from qualified persons are being solicited through this notice. Interested persons should submit a HOVENSA application for employment or a resume to the Human Resources Department. **This position is open until filled.**

FOREMAN, MAINTENANCE-COMPRESSOR MAINTENANCE DEPARTMENT

SUMMARY OF POSITION:

This position is responsible for, but not limited to, overseeing and managing the activities of a compressor crew in the planning, execution and quality control of the day-to-day activities maintaining centrifugal and reciprocating engines/compressors. This is accomplished through the effective supervision of skilled personnel who perform the required maintenance activities. Requires significant interaction with field personnel, developing the skill level of assigned mechanics.

QUALIFICATIONS:

- High school diploma or equivalent required.
- Minimum of 10 years hands on compressor experience in a refinery or petrochemical industrial plants.
- Five years experience as lead man or foreman.
- Have a good understanding of peripheral equipment and controls associated with Compressors and their drivers.
- Must be a team player with good communications skills and ability to work/guide other craft personnel.
- Good judgment and problem solving techniques.
- Must have a valid driver's license.
- Be able to climb. Be able to lift up to 50 pounds on occasion.
- Need to be able to read technical drawings and P&ID's.
- Basic computer skills.

COMPENSATION:

This position offers a competitive salary with excellent benefits.
